CONVEYOR DRYERS

Value and Performance

- Black Body Corporation has re-engineered the graphic dryer oven.
- This conveyor oven series features unlimited flexibility and unsurpassed performance in a compact size.
- This oven line boasts 8 models, with a choice of belt materials, belt widths, conveyor lengths, oven chamber lengths and even oven chamber placement.
- BBC can now create a high performance oven to match your specific process.

Features

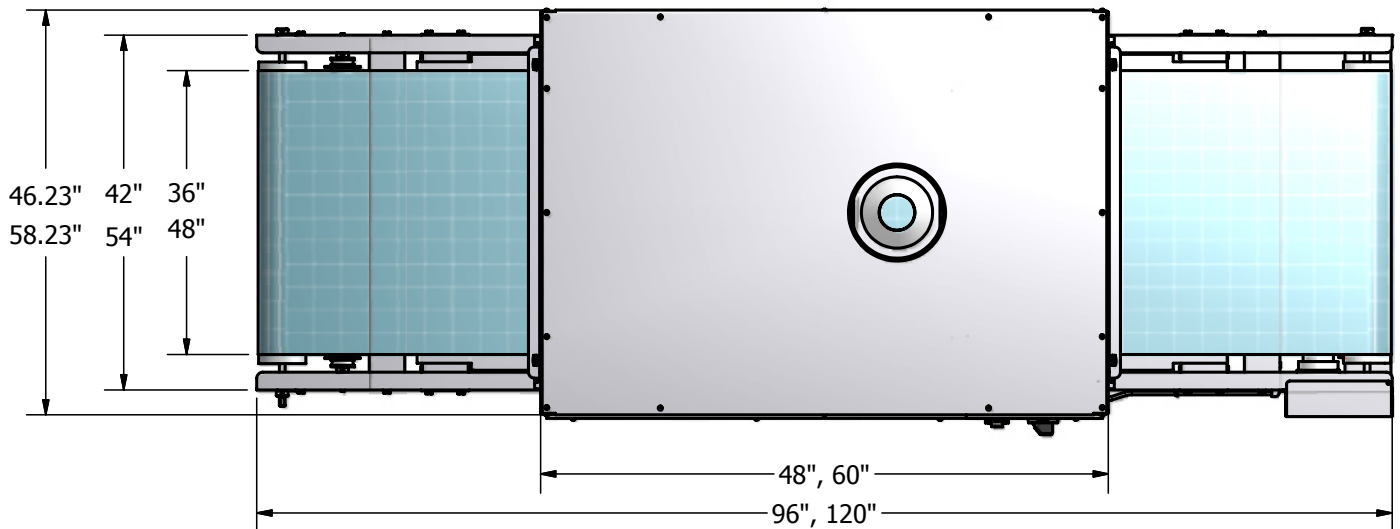

- Duct Collar Provided to Connect to Your Current Exhaust System
- Optional Exhaust Blower Available
- "Hassle-Free" Belt Tracking System
- Three Year Warranty on Heaters
- Disconnect Switch Included in Control Panel
- Optional Cooling Fan Bank
- Powder Coat Finish

Specifications

- 8 Models
- Choice of Belt Material
 - Teflon Coated Fiberglass
 - Stainless Steel
- Two Belt Widths
 - 36" 48"
- Two Conveyor Lengths
 - 8' or 10'
- Two Oven Chamber Lengths
 - 4' or 5'
- Dual Voltage Ovens
 - Works on both 208 Volt & 240 Volt

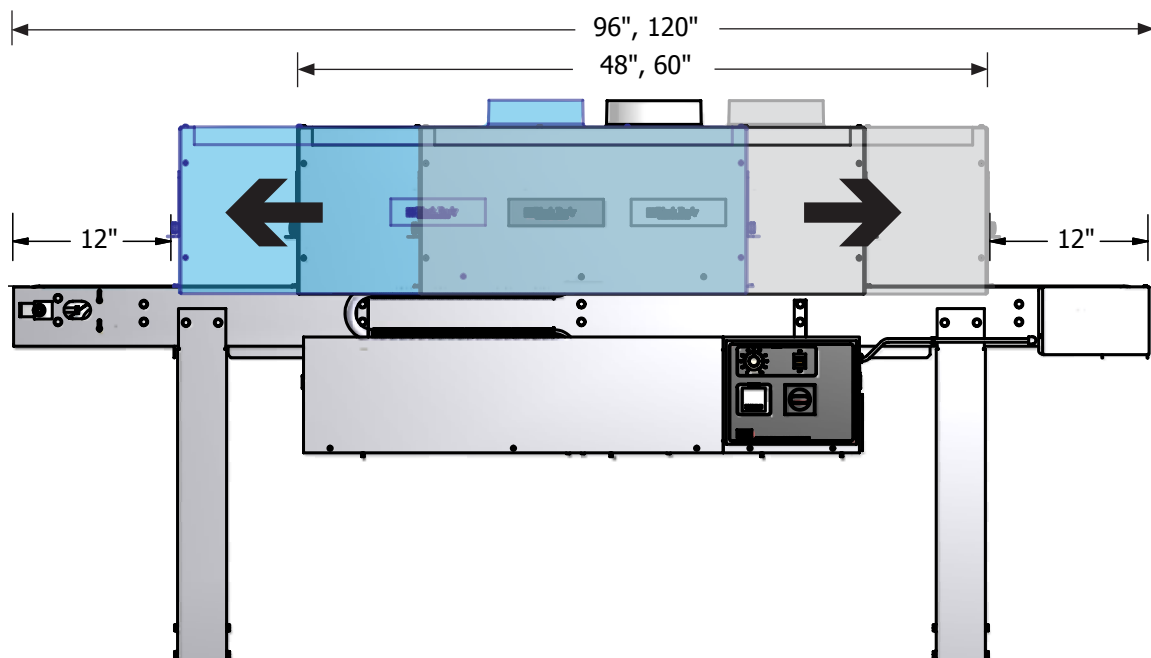

Conveyors

- Choice of Belt Material
 - Teflon Coated Fiberglass
 - Stainless Steel
- Two Conveyor Lengths
 - 8' or 10'
- "Hassle-Free" Belt Tracking System
- Two Oven Chamber Lengths
 - 4' or 5'
- Two Belt Widths Available
 - 36" 48"

Oven Specifications

- Dual Voltage Ovens
 - Works on Both 208 Volt & 240 Volt
- Chamber can be positioned on conveyor to customize entrance and exit length
- Duct collar provided to connect to your current exhaust system
- Single and Three Phase Units Available
- Three Year Warranty on heaters

Versatility

Production Capacity

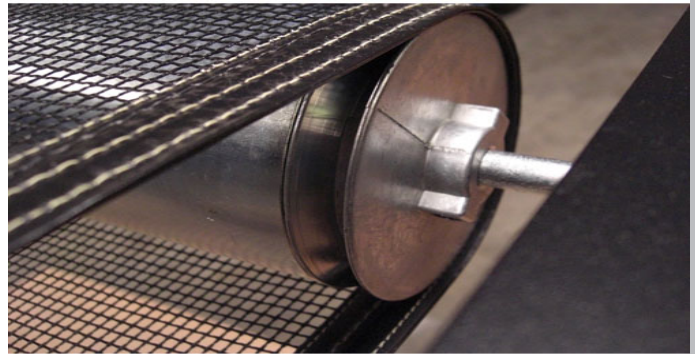

36" Belt- 480 Garments per hour in 48" chamber - 600 in 60" chamber

48" Belt- 720 Garments per hour in 48" chamber - 900 in 60" chamber

Model	Conveyor Width	Conveyor Length	Chamber Length	Belt Material	Entrance Conveyor	Exit Conveyor	Volts	Phase	Watts	Amps
